

CORNHOLE INSTRUCTIONS & USE

GENERAL RULES

Set the board up at on a flat surface. The players must stand 5 to 8 Metres from the board when tossing. This distance can be decided on based on the players' ages and abilities. Players should not distract or interfere with the player tossing the bean bag.

SCORING POINTS

A bean bag that falls completely into the target hole will earn 3 points.

A bean bag that lands anywhere else on the board will earn 1 point.

A bean bag that is knocked into the target hole by another bean bag earns 3 points.

A bean bag that is knocked off the board by another bean bag loses its 1 point.

If a player's bean bag falls into the target hole and an opponent's bean bag falls into the target hole, neither bean bag earns points.

Only one player or team can earn points in a round - if the first team scores 6 points and the second team scores 10 points, the second team receives 4 points and the first team scores 0 points. Subtract the lower score from the higher score to calculate the final score for that round.

WINNING THE GAME

A game is won when the first player or team reaches 21 points (after both teams have tossed their bags). In the event where the scores are even, the game plays

“sudden death” and the first player or team to reach 3 points more than the opposing player or team, wins the game. A round is completed when all the bean bags have been tossed by both players and teams.

PLAYING THE GAME

The game can be played as singles or doubles. Each game starts with a toss of coin to choose who would like to start.

Singles: Both players toss their coloured bags alternating (4 each). The first player tosses 1 bean bag and then the second player tosses 1 Bean bag. Continue this way until each player has tossed all of their 4 bean bags. When points have been counted, the players can then retrieve their bags, and toss again for the next round. Until there is a winner.

Doubles: 4 players make up 2 teams (2 on each team). One member of each team tosses 2 bean bags each per round. Points are counted after each round (both teams throw 4 bags each) and the game continues to the next round with the team switching turns on who goes first at each new round, Until you have a winning team.

WARNING: *This is not a child's toy. Adult assembly required. Adult supervision is recommended during use. Caution should be used when tossing bean bags.*
